Subject: HPA 2015 Annual Report
[2015_HPA Annual Report DVRP.xlsx](#)

OK... I think we still have some bugs to work out with the GIS HPA info.

I ran a GIS query to sort all the boats in 2015 that needed an HPA. I came up with 14 boats and I logged them on our Annual Report. Then I cross referenced those boats with all the boats removed in 2015 from the Budget Sheet for 13-15 and 15-17 Biennium's. There were some boats on this list that did not come up on the GIS list.

Please take a look at the "Budget 2015 Boats Removed" tab, I have flagged in **green** the boats I think should be on the HPA list, but aren't for some reason. If these boats should be on the HPA Report please highlight the DVRP # in yellow. If the one's I highlighted in green do not belong on the report, please strikethrough the text. The one's in gray are on the HPA Report and need no response.

There are some boats that are not highlighted because they were not noted if they were beached, sunk, aground or floating. If you happen to know, please mark them as above.

Melissa – I noticed there was not a 7th Qtr. found in the 13-15 GIS report. We may need to add these to the database.

Thanks,

Tammy Robbins
